Technical Content Writer

Description

CloudSEK's SaaS-based product helps a client assess security real-time from the perspective of an attacker, 24*7. Our monitors track our client's various internet-based resources for potential security risks. Instead of using traditional static threat detection engines and manual verification process, our monitors use Machine Learning and Artificial Intelligence to identify risks

Responsibilities

- You will be primarily managing the daily, weekly, and monthly threat intelligence bulletins.
- In addition to this, you will work on blogs, marketing content, and threat intel reports.

Qualifications

- 0-3 years of experience.
- Interested in creating and editing cybersecurity content.
- Good grammar and story building skills.
- Able to join us within a month or so.

Job Benefits

- A competitive salary.
- Health Insurance.
- An awesome team that will challenge and respect you.
- Lunch, Unlimited snacks and drinks.
- Top notch office in the heart of Bangalore City.
